OVERVIEW

We are Canadian and guide our guests on horseback riding treks in Iceland! Riding in Iceland is a balance of adventure and tranquility. Just you, your horse, waterfalls, and nature! All our riding tours feature driving a herd of free-running horses up into the highlands of the south. We have been guiding tours since 2009, and host small groups (10-15 people), which allows us to cater to our guests and maintain flexibility.Vacation|Travel Services|Destinations
