OVERVIEW

AJR Sport is specializes in the design and manufacturing of technologically advanced equestrian products for top riders and horses worldwide. We have made it our mission to help riders find the right bit for their horse’s unique mouth anatomy and dental condition. Since our start in 2020, the AJR Sport bit product line has continued growing as riders from across the globe have seen how effective our bits are at communicating rein aids to their horse.Saddle & Related>*English|Saddle & Related>Custom|Jump & Supplies|Tack English
