OVERVIEW

You will do anything possible to make sure your horse is performing and feeling their best. The BEMER's new Veterinary Line helps to preserve health and increasing performance. Your horse will benefit from faster recovery, generation of muscle tissue, and more efficient hydration. Increased oxygenation assists on many levels including, but not limited to: – Energy and Physical Fitness – Cardiac Function – Arthritis – Stocking up, strains, and injuryContact Anne via email or phone for details and to try with your horse.Alternative|Integrative Medicine>Products
