OVERVIEW

Bed and bale vacations for horse and rider. At the Cariboo Rose, we aim to provide a great getaway for both people and horses. Our guests enjoy one of four cozy sleeping cabins (double occupancy) with three piece bath. For your comfort and convenience, each cabin contains a refrigerator and coffee station. Meals are served ranch style in the main house. We have arranged our guest corrals in, eight in total, in sets of two for companionship. The Cariboo Rose is surrounded by rangeland and mixed pine, birch and spruce forest. Explore the local trails on foot or horseback. Opportunities for wildlife viewing, botanical studies and photography abound with resident populations of moose, mule deer, lynx, cougar and bear in evidence.
