OVERVIEW

At Cascadia Veterinary Care we use integrity, compassion, teamwork, and dedication to care for our patients. We encourage the human-animal bond through empathy and understanding. We provide phenomenal customer support through modern communication styles while supporting our client and patients needs. We provide open-minded, current, and quality medicine not only to clients and patients, but to our community and developing nations. Cascadia Veterinary Care feels strongly about providing the community support through vaccination programs for dogs of the homeless population, aiding in pet care for those entering Hospice, along with aiding animal rescue organizations to provide care to animals in need. ?Cascadia Veterinary Care is closely associated with the Equitation Initiative who aid in education and care of working equids in developing nations. This program travels all over the world aiding in sustainable care and education for those equine populations in need. Alternative|Integrative Medicine>Practitioner|Veterinarian
