OVERVIEW

Cat Tales Wildlife Center is celebrating 33 years of Dedication, Conservation, and Education. As you consider the end of life options for your horse, we are grateful for your 'Circle of Life' donation. Keeping in mind the health and safety of the cats. We ask that the horse is in reasonably good health and good weight. That they are free of any infectious diseases. Have not received wormer or any medications in the last 30 days. Horses are euthanized by bullet, which induces an instantaneous unconsciousness and passing. You may or may not be present. We do not accept deceased animals. Contact Mike with any questions, to receive the required paperwork, and kindly allow us several days to process. We appreciate your support of the Cat Tales program at this difficult time. Euthanasia & Related
