OVERVIEW

We are a mobile and in-clinic, mixed animal veterinary practice. We travel the entire Kitsap and Key Peninsulas, including parts of Jefferson and Mason County. We provide the following:

- State-of-the-art digital x-ray, endoscope, ultrasound and cold laser therapy
- Integrative therapies, which include equine chiropractic and acupuncture
- Preventative health and emergency care for horses, cattle, sheep, goats, pigs, llamas, alpacas, dogs and cats, and poultry
- 24/7 Large animal emergency care
- Gentle in-home euthanasia and cremation services for small animals
