OVERVIEW

Over the years Michelle has acquired a significant collection of antiques and vintage items that you will find in every corner of the farm. Many of the pieces are available for a signature, one of a kind look for your event. The barn is located in the heart of the 50 acre property and is surrounded by fields of horses. With dramatic chandelier lighting, a rustic bar, and beautiful stained glass windows... no detail has been overlooked. See our facebook page and website for additional information. Our guests say it best: We are so excited to be catering several weddings at this beautiful event center. Congratulations to all the brides and grooms who choose the best place in Lewis County to have your wedding. - Christina Gorton - Bonanza BBQ & Catering Thank you for making our son's wedding so very special. All your hard work and effort to make...
