OVERVIEW

For decades, the Daffodil Arabian Horse Association has dedicated itself to the promotion and welfare of Arabian horses in the Pacific Northwest. The club holds a large annual competitive horse show in April, a schooling show with clinics for riders of all-skill levels in March , and a summer show in August with a more relaxed atmosphere, all held at the Puyallup show grounds. We hold an annual trail ride in September which is held on manicured trails, just for comradery and the joy of riding. Sharing stories and great food at the end of the trail complete the ride! You don't have to own an Arabian horse at the present time. All you need is enthusiasm and love for the animal. We have a strong youth program and a large active group of members. If you do own an Arabian, join us! We have something in common! Come join…
