OVERVIEW

Equine Identification and Safety items for all sizes of equines. Our products have been used for cattle identification and visibility, also used for goats/sheep, alpacas, llamas, pet deer and even camels. Used for all different occasions such as: Evacuations, Horse Show Identification, Breeding Farms/Ranches, Trail Riding, Camping, Pasture turnout and overnight traveling and transporting. Our Motto: To benefit the equine industry by providing top quality affordable safety products and information through partnerships and a growing network of interrelated businesses. This has now allowed us to partnership with other companies to provide you the consumer with a one stop location for all your identification and safety items. Produced in the USA by a female owned small business owner.
