OVERVIEW

Equine Medical Services is here to serve all dedicated horse owners. Our goal is to form working partnerships with owners, trainers, and breeders of performance horses thereby promoting prosperity in the equine industry. We believe that it is a great privilege to live and work with horses each day and our practice is dedicated to others who share that outlook. Optimizing the health of each horse supports quality of life and brings joy to the owner. Removing obstacles such as disease and lameness allows the equine athlete to perform, compete, reproduce, or become marketable.
