OVERVIEW

Conceiving Evolutionary Hoof--and Horse--Care Evolutionary Hoof Care Products was created to promote the healthy shape and function of the equine hoof. The original tool designs offered here are the inventions of Leslie Emery. These new tools are the consequence of 40 years of study and research on the horse's hoof. The designs of these tools have been painstakingly developed and tested to ensure that they will be durable and effective. Healthy hooves, sound horses, and your satisfaction are our goals. Our tools are handmade in the Puget Sound region by experienced horsemen who use these tools on a daily basis in one of the most challenging environments for maintaining healthy hooves on the continent. Radius Rasp / Radius Rasp PRO Hoof Buffers Bar & Sole Rasp Evo Hoof Stands Evo Hoof Care Workstations The name Evolutionary Hoof Care refers to the concept that the horse evolved under specific conditions of…
