#### OVERVIEW

Since its beginning in 1904, as the Teanaway Valley Farm, this homestead has welcomed neighbors on horseback and travelers by stagecoach and wagon. Searching for the ideal place to raise their young family, George Sr. and Glory Blackburn fell in love with and purchased this dream-come-true in 1955. Flying Horseshoe Guest Ranch offers a variety of lodging options, amenities, and things to do. The pine forest and meadows that cover the hill behind the Ranch present a picture-perfect setting for our guided two hour trail rides. Or bring your own horse. Thirty steel panel pens are available for individuals, 4H, riding clubs, and horsemanship clinic participants.
