#### OVERVIEW

Furlzzy is a 4-in-1 pet rake. Perfect for your shedding pet! You can groom, massage, scratch, and play with your pet using the Furlzzy. The long wooden handle makes grooming fun and easy by taking the hassle of bending over and getting dirty when you groom with traditional combs and brushes. Furlzzy keeps the unwanted shedding fur out of your house and car. See our website and Facebook page for additional information. [Grooming|Bathing Products|Resources](#)
