OVERVIEW

The Gypsy Horse Registry of America maintains the highest standards and ethics in maintaining the stud book and registrations. A close working relationship with the Gypsy Cob Breeders and Founders of the Breed Standard in the United Kingdom give the Gypsy Horse Registry of America the partnerships needed to lead the way to preserve the future of the breed and the knowledge to comprehend its origins. We encourage the use, exhibition and perpetuation of the Gypsy Horse/Cob. The GHRA maintains pedigrees and DNA structures. Assoc|Breed Registries
