OVERVIEW

Hardscapes By Design is a landscape construction company specializing in Ponds & Custom Outdoor Renovations. We operate at all the highest levels to deliver world class quality and service. Outdoor renovations include stone masonry, paver and flagstone patios, segmental block retaining walls, natural rock walls, outdoor water features, irrigation, drainage, and lighting. Our pond technicians perform professional pond cleaning and maintenance services. We also provide expert pond diagnostics to properly identify problems, provide clear solutions, and make appropriate repairs.
