OVERVIEW

Located on a beautiful 50 acre property overlooking the lake, valley, and fish bearing creek. We have 18 dry camping areas, each with corrals, picnic tables and fire pits. We have 4 cabins of various sizes available if you do not have your own accommodation. We also offer 2 hot water showers that require loonies. There is potable water available on site as well as pit toilets. This is truly the most amazing family I had the pleasure of ever meeting. Their talents are many and the setting of the ranch is mystical. Love to go there whenever I can. - G. Mali
Such a great place to stay. Great riding and fantastic family. Cabins and showers are wonderful! - Wendy M. See our website and Facebook page for additional images and details. Camping Facilities - Equine|Vacation Rentals
