OVERVIEW

I've been doing leather crafting for about twenty years. My work includes the handcrafting of custom and specialty items including: Other Leather items: scabbards, chaps, chinks, farrier aprons, lumber mill aprons, welding aprons, belts, dog collars, and dog harnesses. Leather Repair: Restoration of antique saddles as well as normal repairs to modern tack. Almost all of my crafting is custom so please call me with your requirements and I'll respond with a price quote. Tack Custom|Repair|Supplies>Repair
