OVERVIEW

Bojangles and I have had more adventures together than you can shake a stick at. I have used him to start colts, and his ability to stay calm under pressure is amazing. I have roped more calves at brandings with Bojangles than I could ever count. He is great to doctor on in the pasture and is an all-around good ranch horse. I have started mounted shooting off of him, and he loves obstacle courses, so if you are looking for a partner for either of those events, Bojangles is well on his way in both. He has a great stop and a nice spin with good flying lead changes. He will also lie down on cue so you can get on and off with ease. Ridden by Ken McNabb.
