OVERVIEW

Cholula- we call this girl "Versatile." I've used her in clinics as a demonstration horse, as well as loaned her to novice riders. She has taken students on their first ride and been the mount for a five-year-old's first lope. When a student who was still in rehab from orthopedic surgeries wanted to ride, I knew Cholula was the right choice for the job. Tack her up and hit the trail-she's just as solid. Water, mud, blowdowns, slick rock- it doesn't matter to her; she's up to the task. This mare is such a pleasure to ride. She's soft in the bridle and moves off your leg with ease. Not to mention, she's COWY; Nicole and I both cleared sorting pens on her! This is a special girl who is athletic and cowy, yet happy to rate down for a beginner. Ridden by Donald Archer.
