#### **OVERVIEW**

Split is a 13-year-old mare who has proven herself to be a dependable partner for our entire family. Whether it's doctoring cattle in the pasture, packing my wife and 10-year-old daughter safely through rough mountain terrain, or helping my 6-year-old son gather cows, Split handles every job with class and style. She is kind, willing, and ready for whatever the day holds. We have used Split to gather large pastures of cattle and sheep, sort and ship, and rope and doctor cattle in the pasture. Gentle enough for the kids to use but capable enough for a full day of work on the ranch. Split is steady in all kinds of country and it has been a true joy to have in our family this past year. A note from 10 year old Tennlee: "My favorite thing about Split is that she is kind and willing to do whatever I need..."
