OVERVIEW

I utilize my unique equine background to elevate the legal services I provide for horse owners, businesses, and other professionals like you, by adding more value than just my knowledge of the law. I strive to support my local equine communities through long-term relationships, compassion, and transparent legal consultation. I offer equine contract review and drafting, business formation and consultation, and equine-related litigation services. I would love to set up a complimentary consultation to discuss how I can help you with your equine-related legal needs. Licensed to serve clients anywhere in Washington State.
