OVERVIEW

My training methods focus on building a positive relationship between horse and owner through trust and respect with the end goal being that you have a horse that is a friend, that is willing, trusting, respectful, responsive & confident. I specialize in Classical dressage, Natural Horsemanship, Trick Training, Liberty and clicker training. I am open to customizing a training plan for yourself or your horse. When I work with my own horses I like to alternate with different work, including a lot of dressage, gymnastics and lateral work as well as jumping, liberty and trick training. Lesson rates start at 40\$ (on our property). 25\$ per rider for group lessons. I am also open to traveling for clinics!
