Kristi Usher Fine Art

 The image displays three distinct pieces of fine art. On the left is a large, detailed bronze sculpture of a cowboy in a hat and boots, riding a dark brown horse. To the right of this are two smaller images: a circular, framed artwork depicting a horse in a dynamic pose, and a white, sculptural representation of a horse's head and neck, showing intricate details of the harness and facial features.	<p>Connect Kristi kristiusher.com ?(503) 397-3740</p>
