OVERVIEW

We are an accounting firm that specializes in the equine and agriculture industries. We offer tax planning and preparation services, bookkeeping, receivables and payables management, payroll processing, accounting program set-up and training, and more. Certified in Quickbooks and Xero, we also work with other accounting programs. We understand the unique financial needs and tax considerations of the equine professional. We work out of our Central Ohio location, however we service clients remotely across the U.S.
