OVERVIEW

The NWTRC currently has the capacity to serve up to 65 individuals per week. Participants include individuals with autism, Down syndrome, multiple sclerosis, brain injuries, and learning/behavior disabilities. Participants have ranged in age from 3 to 74.Each of the NWTRC's participants receives an individually tailored lesson plan that gears their horsemanship session toward achieving a specific therapeutic and recreational goals. Each session involves a certified riding instructor.See our website and Facebook page for additional information. *Equine Therapy Programs>Adult|Equine Therapy Programs>Therapeutic Riding|Equine Therapy Programs>Youth
