NW Horse Riders Trail Incident Database

Find us on
Facebook

OVERVIEW

The purpose of this group is to create a database of factual, first-person information on dangerous, hazardous, or alarming incidents on the riding trails and trail heads of the NW involving all equines and other user groups of the trails and trailheads. All posts must be written by the person or persons directly observing the incident. NO hearsay reports allowed. Read the group Description and Pinned Post on the Facebook page for additional tips on utilizing this resource. Horse Facebook Groups
