#### OVERVIEW

Pet After Life Services NW is a pet only crematory that started caring for clients in 2018 following the passing of our own dog, Rook. Our goal is to ensure we honor each family's loved ones in the most personalized manner that is best for each family. We always include each pet's name, nickname, important dates and a sentiment of choice. In 2022, we decided to begin the process of getting setup to start caring for equine clients in the same personalized manner that we have been able to care for and honor family's smaller pets. It has been a long process getting established to bring our personalized approach to horse owners, but we are now assisting equine clients. At Pet After Life Services NW, we perform private, intact, whole horse cremations. We created our own customized trailer to ensure we are able to recover and transport horses...
