OVERVIEW

PrimeBed Premium Horse and Livestock "Flax" Bedding. The Better Way To Bed. Completely Dust Free, Unique Absorption Properties, Performs Like No Other Bedding. "I was in search for an alternative bedding source when Jim approached me with this new product called PrimeBed. A new concept in North America but relatively old in Europe which gave me confidence that this was a time tested product. After a brief conversation with Jim and making some calculations we realized that it was more cost effective and time saving to use PrimeBed over the standard 40 lb bag of pelleted bedding. After a month trial with my four year old and active Quarter Horse gelding I found the benefits of using PrimeBed went beyond just cost effectiveness. The trial was during a very wet period here on the West Coast between January and February. What I found was that PrimeBed absorbed none of the...
