OVERVIEW

P.E.T.S. is on a mission to save the world, one horse at a time. . . or cow, goat, llama, or sheep! We are a full service, mobile equine veterinary practice that also provides care for livestock and small ruminants. Founded in 1995 in Monroe, Washington, our mobile veterinary service covers an area spanning from Stanwood to Maple Valley. From routine care and maintenance to 24 hour emergency care, P.E.T.S. is passionate and dedicated to providing quality healthcare for your animals. With advice on proper nutrition, preventative healthcare, and the best management practices, we help our owners keep their horses as healthy as they can be. For all our patients, great and small, we believe our best is the least we can do! We are available 24/7 for emergency care. You are welcome to call our office to schedule an appointment, and we will do our best to accommodate your…
