OVERVIEW

Rainland Farm is a complete diagnostic and medical/surgical care facility for your horse. We offer preventative care and routine medical procedures as well as being able to offer leading-edge technology in diagnostics and surgical care. The modern full service clinic houses a medical exam room, surgical suite with padded induction and recovery room, large laboratory and complete pharmacy. Diagnostic tools include digital radiography, nuclear scintigraphy (bone scan), video endoscopy with fiber optic scopes, and ultrasound. Veterinarian
