OVERVIEW

Peaceful Country Living: Escape to your own private retreat on over 5 acres, tucked away at the end of a private drive and backing a greenbelt with access to the Soos Creek Trail. This beautiful home offers the perfect balance of privacy and convenience, just minutes from shopping, schools, and commuter routes. Inside, the light-filled 2600sf home features new Andersen windows, laminate flooring, carpet, and fresh paint. The spacious floor plan includes three upstairs bedrooms plus an office/bonus room, while the main level offers a large kitchen, family room, formal living room, and separate dining room perfect for everyday living and entertaining. Solar panels offset nearly all of the home's annual electrical use, complemented by a newer heat pump, wood stove, and 240V EV charging in the garage. Private well & septic further increase utility independence. Outside, gardeners and hobby farmers will love the greenhouse, raised-bed kitchen garden, large vegetable...
