OVERVIEW

The moment you pass through the gates, everything shifts. The noise fades, the pace slows, and you can't help but feel like you've arrived somewhere special. The 2,579 sq ft Craftsman main home, remodeled by Yonkman Construction, blends timeless charm with modern comfort, featuring sweeping natural light and expansive views from nearly every room. Recent updates include refinished real oak floors, fresh interior and exterior paint, new carpet, new roof and a newly completed back deck. The upper level offers two spacious bedrooms, including a standout primary suite with walk-in closet and attached bathroom, while the third-story retreat captures stunning panoramic views. A classic enclosed sunroom frames picturesque farmland, pond, and mountain vistas. The property offers exceptional versatility with a 1913 two-bedroom guest cottage, plus a separate studio guest quarters, both with a strong Airbnb rental history, and a heated workshop perfect for a home office or art studio.
