[Chehalis, Washington](#)

#### OVERVIEW

Jason and Laurie Dix converted their 1937 gothic barn, a former dairy barn, into a unique venue intended for weddings, retreats, and other social gatherings. All along, their passion for the creative arts (especially photography and videography) has remained steadfast. Laurie continues to run Laurie Matanich Photography, shooting freelance editorial assignments in addition to portrait and wedding work. Be it on the farm or elsewhere, together they look forward to documenting your special day. [Wedding|Group Venues|Services](#)
