OVERVIEW

Royal Meadows Farm is an established 70 acre equine facility that has been remodeled. We are conveniently located just northeast of Spokane. Our 2x daily feeding program offers premium Eastern Washington Alfalfa, Timothy or Orchard grass hay, as well as several grain options. We can also feed your supplements! The well-lit 60' x 144' indoor arena has quality footing and is maintained weekly. The 300' x 200' outdoor arena offers good footing. Our matted 12' x 12' stalls are cleaned daily with tongue and groove walls for safety. Offering individual paddock and pasture turnout with group turnout for same owner horses. Additional features include a 1/2 mile track, foaling stalls, and more. Visitors are welcome as we open the doors of our updated facility to meet your boarding needs. Boarding Facilities
