OVERVIEW

I make custom horse hair jewelry, stampede strings, shu-flies. I'm continuously improving my existing products and developing new ones.Hand braided horsehair jewelry with precious metals. My horse hair jewelry is not relying on glue or crimping to hold them together. They will last you for a very long time, serving as a great memorial to the animal they are made in memory of.See my Facebook and Etsy pages for more images of my art.Jewelry>Horse Hair|Euthanasia & Related>Memorials
