**Location**
418 5th Street Southeast
Auburn, Washington

**OVERVIEW**

Seattle Leather Works performs tack repairs for all equestrian disciplines. Custom leather work is also available for those equestrians that are wanting something extra special. We offer tack repair workshops for those equestrians that want to learn how to repair their own tack. Our classes are limited to 10 people and all leather, tools and hardware is included. Learn the art of leather craft and fix your tack instead of replacing it. Come join us for our bag making class and go home with a one-of-a-kind leather bag that will last for years and years.Apparel & Accessories|Art & Artists|Chaps|Chinks|Gifts|Saddle & Related>Saddle Fitting|Tack Custom|Repair|Supplies|Tack English
