OVERVIEW

Snohomish Conservation District has farm planners who will visit your farm for free and offer suggestions based on the goals you have for your property. In some cases, the District may even be able to help cover the cost of improvements that not only keep horses healthier but keep our watersheds healthier too! We've been working together with locals since 1941. We can help you with: mud and manure pastures stream-fencing winter paddocks drainage nutrients and fertilizing and more!
