OVERVIEW

Studies show people spend more time over their lifetime using social media than they will eating, or socializing using other methods. It's become vital that businesses tap into the power of social media and use it to reach their audience. Social Spark by Nicole offers services to help you get more from social media for your business and put more valuable time back in your hands. What you get from my Social Media and Reputation Management services: Account/profile creation and branding, digital marketing, management, monitoring and analytics reporting of multiple social platforms, including Facebook, Instagram, YouTube, LinkedIn, and Google Business. Account/profile creation and branding of Yelp and Google business profiles, to include curating new reviews, monitoring reviews and working with you in responding to reviews in a professional manner, keeping business details up to date, and digital marketing. Strategy Planning: Considering your business's budget, demographics, overall goals, upcoming events,...
