Sequim, Washington](#)

OVERVIEW

Every physiologically correct barefoot trim I perform is tailored to the individual horse. It is my goal to provide a trim that allows your horse the ability to perform at his best. Since a progressive, holistic approach is taken with the horses I trim, consideration is not only given to hoof health, but the whole horse and the environment in which he lives and works. I work closely with owners to bring their horse to complete wellness. Farrier|Trimmer
