OVERVIEW

Custom designed saddle stands feature original equine and western art. These saddle stands feature original art and are decorated with repurposed horse tack, horse shoes, conchos, tassels and just about anything else that makes them look good! Each one is signed and numbered. They are proving very popular as trophies and awards at any horse event. I have designed them with different themes, such as barrel racing or roping. I have also done a few with breed themes. Awards|Trophy etc|Saddle & Related>Stands
