OVERVIEW

Our fans call us "The Wall Street Journal of Horse Sports... but better!" As the country's most comprehensive equestrian sport publication, The Chronicle Of The Horse has been "the" news source for riders for decades. Published every week since 1937, the Chronicle reports on major hunter/jumper horse shows, dressage competitions, horse trials and three-day events, steeplechases and driving competitions across the nation, as well as top-level competitions abroad.
