OVERVIEW

For the Farmer in All of Us! No matter what we do for work or pleasure, a part of us, small for some, large for others is connected to farming. It's that part of us that "kicks in" when we squeeze a lemon, thump a watermelon or smell the flowers. And it's that part of YOU The Grange wants to celebrate and equip! We are a full service farm, lawn and garden store with very good-looking and uber knowledgeable employees who can help you farm your back 40, your backyard and everything in between! But wait! There's more! We are a full-service pet supply store, a work and western clothing store, a hardware store an equine tack and supply store and a full service diesel and ethanol-free fuel stop! And... there's more! Breyer horses, canning supplies; truth is, y'all just gotta come in and see us! We'll put the coffee on!
