OVERVIEW

For Certified Journeyman Farrier, Christine White, the comfort and soundness of your horse is our top priority, whether he/she be shod or barefoot. We trim and shoe to the Natural Angle of your horse, in doing so we achieve lateral/medial balance, symmetry, and proper toe length. We don't just trim/shoe to the foot, we shoe to the conformation of the whole horse. Client Comments Huge shout out to the wonderful job she did with my horse Oliver. I really struggled to find a farrier that would be willing to work with me and my horse, and Christine was ready to jump right in. I couldn't have asked for anyone better. She was willing to be patient and work with Oliver and not rush him since he can be very nervous. She was willing to come multiple times to accommodate the needs of my horse without frustrating him. Thank you so…
