[Enumclaw, Washington](#)

**OVERVIEW**

At Triple C, we want each rider and boarder to feel comfortable with their surroundings as well as with their horse. This is part of the process of making your horse feel comfortable and be understood by its riders. We offer pasture and stall boarding as well as lessons for beginning to intermediate riders. We have an indoor arena to better suit the cold weather and future events of our riders. See our website and Facebook for more information.
