OVERVIEW

Vanessa Omer, LAMT, CESIP Providing therapeutic massage, equine Structural Integration, saddle fitting and therapeutic exercise. State licensed, nationally certified, ABMP insured. Serving NW Washington. Equine Structural Integration is a hands on manual therapy that addresses the fascial system and restores free, natural and athletic movement in the horse. Saddle assessments, reflocks and billet replacement services available. Therapeutic exercise provided to stretch and strengthen the horse's topline, engage the core and lift the forehand with simple exercises.
