OVERVIEW

Working Equitation Washington is the official state affiliate for Working Equitation International Association of the USA (WEIAUSA) in the state of Washington. We host clinics, workshops, demonstrations, and competitions and work with those interested in learning more about this exciting sport throughout the Pacific Northwest. More information can be found on weiausa.com (the national organization's website) and our Working Equitation Facebook page (www.facebook.com/WorkingEquitationWashington). Working Equitation combines dressage, finesse around obstacles, and speed in a three-trial event (in team competitions, there is also a cattle sorting component). Levels extend from Intro (where walk/trot are expected) all the way through Masters (the equivalent of Grand Prix). All breeds are welcome, and tack/attire can come from a variety if disciplines (Western, English, Dressage, Spanish, Portuguese, Charro, Australian, etc.).Club|Group|Org. - Special Interest>Working Equitation
